

LS0709 INSTALLATION GUIDE (RECESSED)

⚠ WARNING Failure to comply with the following installation instructions may result in death or serious injury.

- This product must be installed and serviced by a qualified electrician.
- Separate the power supply wiring (110V) and dimming/control wiring
- Disconnect power before installing to avoid electrical shock
- Do not exceed fixture specified voltage
- Do not expose IP33-rated lighting fixtures or LED strip to moisture generated from steam, water drips, as well as condensation residues, as it will cause damage to the light components causing a possible short circuit.
- Power cable should not support the weight of the fixture and stay loose
- Do not use fixture, parts or connectors which are damaged

⚠ CAUTION

- Should a production received with missing or damaged parts, please contact Joyolight at 1-877-849-1942.
- Should a fixture not work properly, please turn fixture off and contact Joyolight technical support for immediate assistance.
- Handle the fixture with care throughout the installation in case of damaging the fixture.
- Always wear clean latex or cotton gloves to avoid spots or fingerprint marks on the fixture.
- Unauthorized field repairs will void warranty

STEP 1:

- Pull wires through the hole.

STEP 2:

- Glue the fixture on.
