

LED TAPE INSTALLATION GUIDE

⚠ WARNING Failure to comply with the following installation instructions may result in death or serious injury.

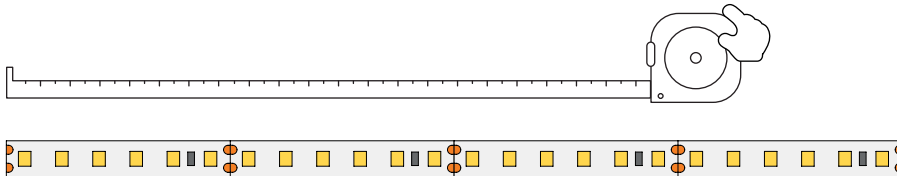

- This product must be installed by a professional familiar with the construction and operation of the product and the hazards involved, in accordance with applicable national and local electrical and construction codes.
- To avoid electrical shock, make sure to disconnect power before install or service.
- Do not use parts that are damaged.

⚠ CAUTION

- If received with missing or damaged parts, please contact Joyolight at 647-496-8107 (CA) or 1-877-849-1942 (US).
- Handle with care throughout the installation in case of damages.
- Unauthorized field repairs will void warranty.

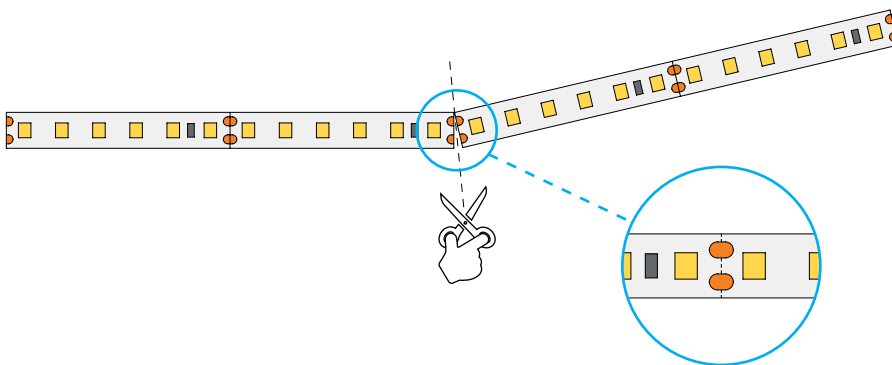

STEP 1:

Determine Locations to Install LED strip light and driver.

STEP 2:

Cut the LED Cable strip to your desired length at the dashed line only.

STEP 3:

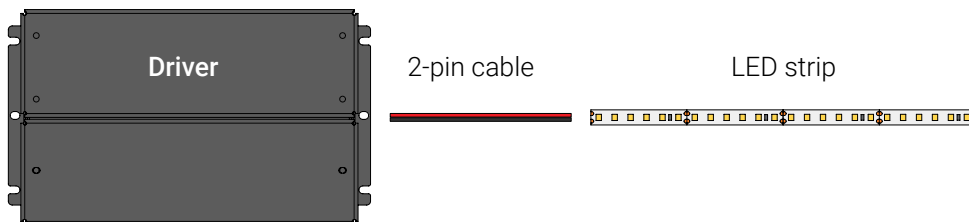

- Determine a finished, smooth surface, away from direct sunlight for mounting. Clean surface and let dry.
- Remove adhesive paper from the tape light to expose 3M™ adhesive.
- Adhere tape to surface, working one end to the other to prevent air pockets and raised sections.

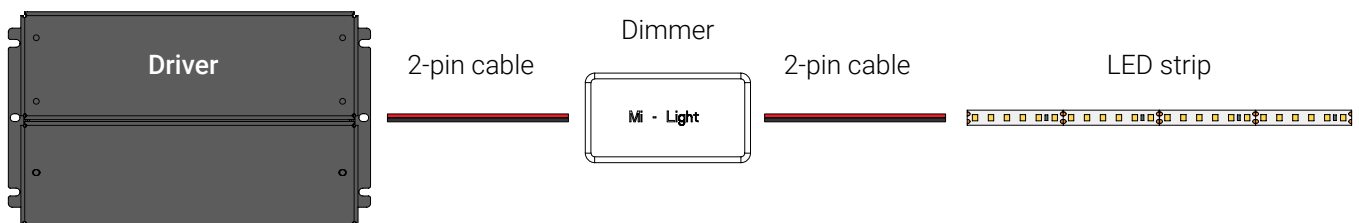

STEP 5:

- Connect to Power Supply.
- *Please follow Driver Installation Guide for further instructions.*

Option #1: Non-Dimmable

Option #2: Dimmable

LED Tape Light Handling

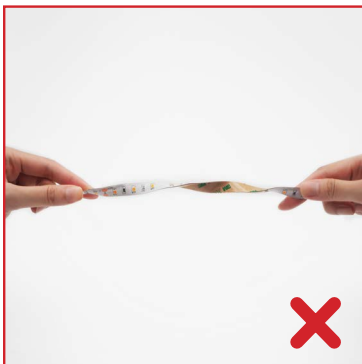

Carefully take LED tape light out from spooler.

Straighten the LED tape before installation

Although the LED tape can be installed in curved and irregular spaces, avoid sharp bends or bending on the solder joints.

Do not twist LED tape light.

Do not bend LED tape light

Avoid sharp bends or bending on the solder joints

Do not take out LED strip from spooler all at once.

- Do not put excessive pressure on surface of strip light (e.g. glass/acrylic panes etc.).
- Do not cover strip light with any materials.
- Do not power strip light while attached to spool or tightly coiled.
- Do not connect 24V LED tape light directly to 120v power supply.
- LED tape lights are electrostatic and sensitive devices, please wear anti-static wrist strap or anti-static gloves while handling.
